■ Race Check-In

Race check-in will be from 2.00am to 3.00am on the 17th February. (DoubleTree Hilton Marjan Island Room TBA). At Race Check-in you will sign in and deposit your Drop Bags. These bags are the only bags you may deposit with us. (Please note that your Drop Bags will be taken to the CP5 and FINISH checkpoints in a special vehicle and you will no longer have access to them once deposited with us at Race Check-in). You will find in your Race Pack, two white plastic bags and sticker labels.

100k runners: Label and fill the CP5 bag with any items you will need at Checkpoint 5 - 52km. We will transport it to that checkpoint for you. Please label the second bag with the FINISH sticker - this should be used for any items you might need once you have completed the race. This bag will be waiting for you at the finish line. CP 5 Drop Bags will be available at the finish line in waves. (Please note that should you withdraw at any point during the race - your bags will be transported to the FINISH when convenient to do so).

50k runners: Label your supplied bag with the FINISH race number sticker. This will be at your finish point which is CP5. Buses for 50k runners will depart at approx 1hr intervals and commence from 3pm on the 17th February taking runners back to the DoubleTree Hilton (Bus will depart when reasonably full of passengers). Your Drop Bag should be taken with you.

■ Bus Departure from DoubleTree Hilton

At 4.00am a bus will transport all participants from the hotel to the start line, the trip should take approx 1hr. The bus will leave promptly - please ensure you are ready to leave on time - if you are not on the bus you will miss the race. The race brief will be given once we reach the start line.

■ Race Start Time

The race will start promptly at 05:30am. You are advised to use a headtorch for the first 10km.

WELCOME TO THE HAJAR 50 & 100 2017

■ Timing Chip Bibs

You will be provided with a chipped race bib for the timing system to accurately time your race. It is attached to your race bib - this must not be removed, bent or folded. This must be worn at all times and may not be passed to another competitor.

■ Course

The course is marked with the following: pink spray paint, reflective tape and pink ribbon. You do not require a GPS for navigation, but it should be noted that we have had locals removing or moving markers in the past and although we will endeavour to check they are all still in place, you would be advised to use a GPS watch or know how to use a compass to locate start/finish and checkpoints. Specific Checkpoint Coordinates are detailed on the course map.

The course includes some steep and rocky elevations, approx. 2500m in total over the 100km. The first 52km are the most challenging and mental preparation to get through these tough sections is vital. The steep climbs are rewarded with some beautiful panoramic vistas of Ras Al Khaimah and weather permitting, should allow views to the Arabian Sea. Although not dangerously precarious, you should still exercise caution when navigating some sections from CP 1 to CP 5. Narrow tracks and ledges, with loose rock and gravel accounts for most of the terrain here and can be potentially dangerous to people below you or yourself if you do not take adequate care. Much of the rock in this area is very sharp and razor like, please ensure your mandatory kit is complete in order to deal with any cuts or abrasions. **Minor cuts and scrapes do not constitute an emergency and your first aid kit should be adequate to deal with these small injuries.**

You will encounter approximately 1km of low sand dunes on the latter stages of CP 8 to CP 9 - you might consider sand gaiters for this section, but they are not essential. The remaining terrain will take you over rocky wadi beds, over boulders, on gravel roads and goat trails and tarmac. Lost? It is highly unlikely that you will get lost. The route has markers and critical points will be marshalled to ensure your safety. The course will be marked along its entire length from between 200-500-metre intervals (subject to terrain) with pink spray paint, flags, reflective tape and ribbon. You will find reflective tapes on the ribbons that are highly visible with your mandatory head torch if you continue through the night.

(Head torches are NOT supplied, you must bring your own equipment).

■ Conditions

UAE daytime average temperatures are 30°C max and evening lows are around 10°C with a chance of rain. (Please ensure you have sufficient clothing to keep you warm if you plan to run through the night).

The deserts and mountains of the UAE are wide open spaces with virtually no shade from the sun, it would be advised to consider good sun protection for your skin and a head cover. Hydrate well with sufficient electrolyte to maintain proper nutritional balance.

Both Drop Bags should be taken with you from the finish line on the bus back to the DoubleTree Hilton Marjan Island.

■ What to expect

If you are a first timer at ultra run trail races, then understand that you need to have good basic fitness. You need to be physically fit to take on an ultra distance. Understand that unless you have signed up with a running partner, ultra running is a very solitary experience and much of the time you will spend on your own. This is all part of ultra running. It is a tough course and not for beginners to long distance events.

When physical fitness begins to play with your mind - that's when your mental strength and toughness kick in. Your body and feet will tell you that it's impossible to get to the finish - your mind needs to overcome any pain or discomfort to tell your body that you can and you WILL cross that finish line! Prepare to be pushed to your limits, mentally and physically. (Read Blister Care by Denise Jones here: (www.badwater.com/training/blisters.html) for some great advice on how to treat blisters.

Creepy Crawlies: There are snakes, scorpions, camel spiders etc. etc in the UAE, particularly in the desert and remote areas. Consider yourself very lucky if you encounter any of these wonderful creatures - most of them are harmless or only mildly venomous anyway with not cases of death ever reported.

WELCOME TO THE HAJAR 50 & 100 2017

■ Equipment

Make sure your running shoes are suitable for the rocky and sandy terrain. Heat, distance and constant friction will test your shoes (and feet) to the limit, so choose them wisely ensuring that the size will accommodate any swelling of your feet over these distances. Make sure they are worn in and are able to withstand the tough conditions.

The contents of your pack will be important things to consider (no support outside of checkpoints is permitted) Make sure it is comfortable not just to run in fully loaded, but also to walk with. Your run changes with the weight and also how it is packed inside.

■ Nutrition

You can order many different brands of dehydrated food from the internet. Make sure the dishes you choose are full of the calories you need and are also tasty - not just sitting at home but also after a long run. Your appetite and palate change when you are stressed, fatigued and under pressure - making yourself eat is a huge part of successfully completing an ultra run.

■ Environment

Please be respectful of your surroundings and keep impact to a minimum. Leaving nothing but footprints when we leave. Any participant seen to be littering will be penalised or disqualified. Any packets left on the course and NOT in a litter bin will be given a time penalty - repeated offences will result in disqualification.

■ Supporters

We welcome family and friends to the start and finish lines as well as Checkpoint 5 where they can provide you with moral support as well as food, sleeping equipment, clothing etc. if you prefer not to have this kit in your drop bag. Supporters are not permitted to support outside of checkpoints and may not accompany runners in a vehicle. Supporters will not be able to make use of the bus transport specifically arranged for the participants.

WELCOME TO THE HAJAR 50 & 100 2017

■ International Overseas Participants

Please make us aware if you travelling from overseas so that we can make additional arrangements and give additional information regarding travel to and from start line, accommodation etc. Please email us at events@urbanultra.com BEFORE Feb 11th 2017 if you want to collect your race pack on 16/17th February at Race Check-in.
